Payments for **Your Website**

Hokodo's complete B2B payment solution helps to bring your customers a smooth checkout experience in line with the rest of your online platform, regardless of how they choose to pay.

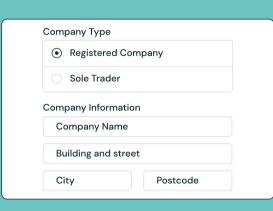

Here's how it works.

Buyers visit your website and place an order or make a booking as normal.

They don't need to create an account in order to pay via Hokodo.

| ├ Cart | £500.00 ∨ |
|-------------------|-----------|
| Subtotal | £475.00 |
| Coupon Discount 🕦 | £0.00 |
| VAT 🚯 | £25.00 |
| Shipping | Free |
| Total | £500.00 |

Hokodo's APIs run credit and fraud risk checks on your buyer.

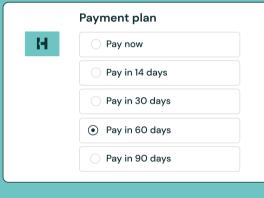

Our eligibility assessments take less than half a second. The only information we need is the business name and address of your buyer or their company registration number.

03 We recommend suitable credit limits and payment terms.

When your buyer is ready to confirm their order, they see the payment terms for which they've been approved.

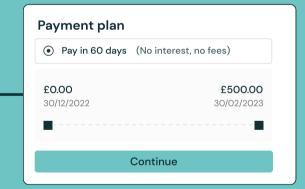

The option to pay now is also offered.

If your buyer prefers not to choose payment terms, the ability to pay immediately is also offered.

Your buyer chooses how they will settle with Hokodo.

They select their preferred payment method, such as direct debit, credit card or bank transfer.

You choose when to get paid.

For deferred payments, your buyer pays us in line with their chosen payment terms. You choose whether to get paid upon delivery or completion of the service, on the due date or when the buyer completes payment. Pay Now funds will be available to you immediately.

We take care of risk and collections.

Hokodo's solutions are backed by Lloyd's of London, so you can trade in the knowledge that you're protected from all credit and fraud risk. If a buyer defaults on their payment, we'll handle it.
